

Comprehensive Clozapine Training

Application Form

This course will only run if there are 20+ participants

Workshop Aim

For nursing staff no partial attendance is available for this course, both days must be completed in their entirety. For pharmacy and medical staff sessional attendance may be negotiated on request.

For SA Health Mental Health Directorate nursing staff a compulsory 4 day supernumerary placement with a community clozapine coordinator will be required in order to receive the certificate of completion. This placement has Clinical / Co-Director approval; it is to be completed in a 4 day block Mon – Thurs. The placement is to be negotiated with line management. Regional LHN participants complete a combination placement within the metro LHN Clozapine Clinics and within their home team. Regional LHN participants also have the option of completing the Long Acting Intramuscular Injection (LAI) training during the metro placement.

Dates, Times and Location

This workshop will be held at Royal Adelaide Hospital on:

- > Monday 14 September 2020 at 0815 – 1700.
- > Tuesday 15 September 2020 at 0815 – 1700.

For all participants it is mandatory for the following online courses to be completed prior to attendance: **High Risk Medicines: Clozapine**, this course is on Digital Media and **Introduction to Cardiometabolic Syndrome** both can be accessed through each LHNs learning platform.

A certificate of completion **MUST** accompany your completed application.

Training attendance will not be confirmed until the High Risk Medicines: Clozapine and Introduction to Cardiometabolic Syndrome certificates of completion are received.

To avoid disappointment contact Lisa Wilton to hold a provisional place as soon as your direct line manager has approved your attendance.

As a **registered nurse** I am aware that by completing this course I may be asked to relieve / backfill a community clozapine coordinator as I will have gained the skills required to run a nurse led clozapine clinic (applicable only to registered nurses).

The community clozapine clinic preferred for the placement would be: (circle one).

Inner South / Outer South / Northern / North Eastern / Eastern

Please note every endeavour will be made to secure your preferred placement, but this cannot be guaranteed.

Applicant Signature _____

Approval from manager to attend course / program

I am aware that a 4 day supernumerary placement for SA Health MHD Registered Nursing staff is required to complete this course.

NUM / NC / NMF/ Team Manager's name:
